## SUMMARY

This AHP Owner-occupied Rehab Disbursement Manual has been designed as a reference guide for Sponsors and Members (commercial banks, credit unions, thrifts, insurance companies, and CDFIs) that have been awarded Affordable Housing Program (AHP) funds by the Federal Home Loan Bank of Cincinnati (FHLB) in one of its competitive AHP offerings. Only Sponsor organizations that will coordinate the rehabilitation of homes for current homeowners should use this manual; FHLB maintains separate manuals for projects involving new construction, rental housing, or the rehabilitation of housing for sale to new homebuyers. Instructions for accessing AHP funds, checklists, feasibility guidelines, and retention language are included in this manual.

Please review this manual and the most recently-recorded version of the AHP Owner-occupied Rehab Disbursement webinar available at [www.fhlbcin.com](http://www.fhlbcin.com) prior to submitting a request for funding. One AHP Owner-occupied Rehab Disbursement Request form (“Request Form”) must be completed by both the project’s Sponsor and Member for each home on which work is completed. Use the Request form and this manual to identify acceptable documentation for drawing funds. Submitting documentation that is complete, accurate, and consistent will allow the request to be processed as expeditiously as possible. Please submit each request within 60 days of completing the work on the home (or as close to that time as is practicable) and allow at least 30 days for FHLB to process the disbursement request.

For questions regarding funding, please contact the Affordable Housing Program Manager, whose contact information appears in the staff listing at the end of this manual.

## DISBURSEMENT TIMELINE

### Household Eligibility Guidelines

Verification of the household’s eligibility is required PRIOR to submission of a request for a disbursement of AHP funds for any household. Through the FHLB’s pre-approval process, FHLB will verify household size, income, and status (elderly, special needs, etc.) for all potential AHP fund recipients. Please refer to the AHP Pre-approval Manual and the AHP Pre-approval Request form available at [www.fhlbcin.com](http://www.fhlbcin.com) for more information on the pre-approval process, which MUST occur prior to submission of a disbursement request for any household.

Please also note that FHLB will only disburse funds for households in proportion to the percentage of the households that meet certain characteristics for which the project was approved. For projects approved in 2012 going forward, the FHLB will only disburse funds for households in proportion to their meeting the FHLB’s definition of “Special needs.” For example, for a 10-unit project that commits to serving two households with special needs, the FHLB will ensure that one of every five disbursements contains a household member who has special needs.

## **Timeline for Disbursement of Funds**

Once the FHLB receives the Request Form with all supporting documentation, FHLB staff will analyze the information and will contact the Sponsor and the Member via e-mail or phone should additional information or clarification be required. Requested information should be submitted to FHLB within 30 days of the request. All disbursements and additional information will be processed in the order in which they are received.

Please allow at least 30 days for the processing of all requests. If the FHLB receives incomplete or incorrect documentation, delays in the disbursement process will occur. For a timely receipt of funds, refer to the Frequently Asked Questions and Common Mistakes section of this manual for tips on how to avoid unnecessary delays.

## **Transfer of Funds**

Once a request for AHP funds has been approved, the Member and Sponsor will receive a Confirmation of AHP Funds Disbursement via e-mail or fax confirming the amount disbursed for the homeowner. Within one business day, the FHLB will electronically deposit the approved funds into the Member's Demand Deposit Account with the FHLB. If the Member does not receive the funds within this timeframe, please contact the FHLB for assistance. The Member should credit the funds to the Sponsor or project in a timely fashion after disbursement of funds by FHLB has taken place.

## **DISBURSEMENT AVAILABILITY & SUBSIDY ADJUSTMENTS**

Disbursements will be processed by the FHLB in accordance with the FHLB's procedures and guidelines for funding of subsidies and all applicable monitoring procedures, the latter of which are published on the FHLB's website, [www.fhlbcin.com](http://www.fhlbcin.com).

### **Restricted Access to AHP Subsidy**

The FHLB reserves the right to deny or delay subsidy disbursement to a Member or Sponsor if:

1. Either the Member or the Sponsor has failed to respond to a prior FHLB request for information regarding this or other AHP projects, or
2. If the Member or Sponsor has been asked by the FHLB to cure a noncompliant situation and resolution is pending, or
3. The Sponsor currently has other older, open, and incomplete AHP projects that must be closed or making adequate progress towards completion.

## **Subsidy Adjustments**

The FHLB reserves the right to make reasonable adjustments to all disbursement requests at the FHLB's discretion, in accordance with the FHLB's procedures and guidelines for funding of subsidies and all applicable monitoring procedures. The majority of subsidy adjustments occur if the project's funding sources have changed and there is no longer a need for the level of subsidy previously requested, if the project no longer meets the applicable scoring criteria as outlined in the AHP Agreement and AHP Application Scoring Sheet, if the household does not meet the income-eligibility criteria or feasibility guidelines, if ineligible expenses are listed as development costs, or if the costs presented are not reasonable.

## **DISBURSEMENT CRITERIA**

In processing disbursement requests, the FHLB reviews the information submitted with the Request Form and other pertinent project information obtained from the Member and Sponsor during the AHP application review process. The FHLB verifies that the project continues to qualify for the awarded subsidy based on the applicable threshold requirements and scoring criteria set forth in the AHP Implementation Plan in place when the project was awarded AHP funds and that the Member and Sponsor have complied with the obligations to which they committed in the approved AHP application. The FHLB re-evaluates the financial feasibility of the project and verifies the project's continued need for subsidy. Members and Sponsors requesting AHP funds from the FHLB must have documents in place in a form satisfactory to the FHLB to meet the requirements of the AHP Regulation (including a valid pre-approval for each household) and must provide copies of such documents to the FHLB prior to the disbursement of funds. Below is a detailed list of documents required for disbursement processing. The FHLB reserves the right to request further documentation as necessary or to request the amendment of documentation if it does not meet the FHLB's requirements.

All AHP funds are subject to the FHLB's funding requirements. Receipt of a disbursement does not guarantee compliance with the AHP guidelines. The FHLB reserves the right to reduce or recapture funds at any time, should the project be found out of compliance or no longer demonstrate the need for subsidy. Please note that all terms in quotation marks in this document represent items specifically defined by Attachment E to FHLB's Affordable Housing Program Implementation Plan, which is available at [www.fhlbcin.com](http://www.fhlbcin.com).

## **DISBURSEMENT FEASIBILITY**

Each disbursement request must meet all feasibility requirements and guidelines outlined here or provide explanations satisfactory to the FHLB for any values outside the guidelines. Projects that deviate from these parameters will undergo additional review and underwriting to determine the reason for, and the reasonableness of, any deviation. Based on this review, FHLB staff may work with project Sponsors to make adjustments to the financial information submitted to ensure that the information accurately reflects the nature and financial structure of the project.

The FHLB may allow reasonable deviations from the guidelines based on the nature, location, and type of project and based on explanations provided by the Sponsor to justify such deviations. However, the Sponsor is ultimately responsible for ensuring that financial information is correct and consistent and that the project's financial structure meets the FHLB's guidelines, or that any deviations are adequately explained, justified, and documented. If justification for a deviation was submitted with the approved AHP application or approved project modification, and the value has not changed from the value shown in the approved AHP application or approved project modification, as applicable, no further justification is necessary.

## **Reasonableness of Project Development Costs**

Project feasibility will be reviewed and assessed at time of application, at time of disbursement, and at any project modification (the requirements for which are guided by the FHLB's modification procedures, available at [www.fhlbcin.com](http://www.fhlbcin.com)). The FHLB will determine the reasonableness of proposed or actual costs based on its experience with similar projects, similar locations, and similar populations being served. The FHLB's determination will be final, and any costs determined not reasonable will be disallowed and will not be reimbursed with AHP funds.

## **Feasibility Guidelines**

The following guidelines represent current targets and parameters for use in determining the feasibility of AHP projects. Note that projects approved for AHP funds in offerings prior to the current offering may be subject to different feasibility guidelines than those shown below. Projects that deviate from the parameters in place at the time of AHP award will undergo additional review and underwriting to determine the reason for, and the reasonableness of, the deviation. Projects that are outside any of the guidelines may not be able to receive AHP funds.

- “Total project costs” are expected not to exceed \$185,000 per unit.
  - a. Analysis of project costs will consider the geographic location of the project, development conditions, and other non-financial household or project characteristics. Total project costs per unit may exceed the guideline only if justified by the Sponsor based on the special circumstances cited.
  - b. Even costs below the guideline must be determined to be reasonable. The guideline is not intended as a “safe harbor.” The FHLB may review costs per unit, costs per square foot, individual line-item costs, or use other measures to determine that project costs are reasonable.
- “Hard costs” must be between \$5,000 and \$50,000 per unit.
- “Developer fee,” which includes developer overhead, consultant fees, application preparer fees, and, if the Sponsor acts as the general contractor for the project, construction management/overhead and contractor profit, may not exceed 10 percent (10%) of total project costs exclusive of any developer fee, subject to the following provisions:
  - a. If the Sponsor's employees are performing the construction/rehabilitation work on the home(s), and if the employee labor rates include administrative or overhead

expenses, no amount will be allowed for developer fee or any other ancillary charges;

- b. If the Sponsor's employees are performing the construction/rehabilitation work on the home(s), but the employee labor rates do not include administrative or overhead expenses other than the cost of employee benefits, the project is eligible for a developer fee; and,
  - c. If the Sponsor's employees are not performing construction/rehabilitation work on the home(s), but volunteers and/or contractors are performing the work, the project is eligible for a developer fee.
- Owner-occupied rehab projects must demonstrate at time of disbursement that:
    - a. Labor rates are reasonable. Generally, labor rates for skilled trades and unskilled labor should be comparable to market rates. For example, charges for a licensed electrician should not exceed the rate generally charged to a private-pay customer. At disbursement, the FHLB may require documentation of market rates for comparable labor.
    - b. The number of hours charged for rehabilitation activities is reasonable and comparable to the number of hours charged for similar activities in the private market. For example, the number of hours to replace gutters on the AHP-funded home should be comparable to the number of hours charged by a private contractor to perform a similar task.
    - c. The employee labor rates charged to the project that include administrative or overhead expenses are reasonable if the Sponsor's employees are performing the construction/rehabilitation work on the home(s). The FHLB may require the Sponsor's indirect cost allocation plan.
  - Rehab must be appropriate for the homeowners being assisted. If the project is serving homeowners with special needs such as physical disabilities, there should be a priority for rehabilitation that improves accessibility.
  - Total soft costs must be less than or equal to twenty five percent (25%) of "Total project costs."
  - Total contractor costs, including construction management/overhead, contractor's profit, and general requirements, cannot exceed fourteen percent (14%) of total hard costs less the total contractor costs for any unit.
  - The AHP subsidy requested for any unit may not exceed \$15,000. (The AHP subsidy requested should not be higher than the subsidy approved per unit at the time of AHP application unless future units will fall below this amount.)
  - The AHP subsidy requested must be less than seventy five percent (75%) of "Total project costs" on a per-unit basis.

Complete all portions of the form, checking which of the activities the Sponsor completed. Describe the activities completed in the spaces in which the form requests it. Be sure to sign the form. All activities that the Sponsor committed to provide in the approved AHP application must be checked, but the form is not required if the project was not approved with points for the Sponsor’s provision of any of the activities listed on the form. Do not resubmit the form if the form was previously submitted with another disbursement request package.</p> <p>In order to receive the points for the scoring categories listed on the form, the Sponsor must have completed activities meeting FHLB’s definitions of “marketing / outreach,” “predevelopment</p>

4b	Sponsor cash contribution	Submit a signed letter from the Sponsor to verify the amount of the Sponsor’s cash contribution to the project if the project received a point for the Sponsor providing such a contribution. The full dollar amount of the contribution appearing in the letter must be listed as a funding source for the project on one or more of the Rehab Attachments A or AHP Attachments D and Detailed Cost Breakdowns submitted to FHLB for item #7 below, and the total Sponsor cash contribution to all homeowners in the project must be at least \$500 in order for the project to earn the point it received in the AHP scoring system for the Sponsor providing a cash contribution to the project.
5a	Homeowners club or association with policies and procedures	<p>Homeownership clubs and associations are groups of homeowners who share a common location that are created to allow regular discussions of homeownership, neighborhood, and community issues. To qualify for points in the AHP scoring system, the club or association must be comprised of at least four homes, must have regular meetings, and must have policies and procedures governing its business, although it does not have to be formally chartered or incorporated.</p> <p>Provide a current, executed letter from the Sponsor indicating that the homeownership club or association has been formed AND provide documentation of its governing policies and procedures, including the amount of dues it will collect (if any), how and how often it elects officers, and other details of its business (NOT the rules for homeowners upon which the club or association has agreed such as paint color on houses, yard maintenance, etc.). The letter must specifically identify which services are available, which may include budgeting/credit counseling, employment training, education services, skills training, daycare services, case management, health/mental health services, etc. If the project was not awarded points for providing any empowerment services, this item is not necessary. Do not resubmit the letter if it was previously submitted with another disbursement request package.

		<p style="text-align: right;"><i>Continued...</i></p> <ul style="list-style-type: none"> <li>• An invoice from a community organization that explicitly states that the biller donated a good or service to one or more of the homes for which AHP funds will be disbursed AND that the good or service is worth at least \$500, or</li> <li>• A current, executed letter from the representative of a community organization indicating that the organization donated a good or service to one or more of the homes for which AHP funds will be disbursed AND that the good or service is worth at least \$500.</li> </ul> <p>The donation must be for a cost that FHLB deems eligible for AHP reimbursement, which excludes the costs mentioned in item #7 below. The documentation cannot come from the Sponsor or an organization related to the Sponsor (see FHLB’s definition of “Related parties”). Do not resubmit the documentation if it was previously submitted with another disbursement request package.</p>
5f	Fee waiver from the local government of at least \$500	<p>Submit one of the following to verify that the project earned the point in this scoring category:</p> <ul style="list-style-type: none"> <li>• An e-mail that contains the contact’s name and position in the local government and that indicates that the government waived a fee valued at \$500 or more for one or more of the homes for which AHP funds will be disbursed, or</li> <li>• A current, executed letter from a representative of the local government entity indicating that the entity has waived a fee valued at \$500 or more for one or more of the homes for which AHP funds will be disbursed.</li> </ul> <p>Please note that tax deferrals or abatements, utility equipment donations, or government grants to pay for any items or fees do not constitute fee waivers and will not satisfy FHLB’s requirements for this item. Do <b>not</b> submit the same document as was submitted with the approved AHP application for this project, as FHLB requires an updated letter verifying that the fee was waived. Do not resubmit the documentation if it was previously submitted with another disbursement request package.</p>
6	Work order that indicates the work to be completed (preferably FHLB’s “Pre-Rehabilitation Inspection” form)	<p>Submit a fully executed copy of FHLB’s “Pre-Rehabilitation Inspection” form or a separate work order signed by the unit’s homeowner(s), third-party inspector, and AHP Sponsor detailing the work to be completed on the home. 		repaired/replaced, and it must be dated prior to completion of work on the home.
7	Final Rehab Attachment A (with Labor Breakdown, if applicable) <b>or</b> Attachment D with Detailed Cost Breakdown if the Sponsor made a loan to the household	<p>Retrieve the workbook entitled “Rehab Attachment A with Labor Breakdown” from the FHLB’s website at <a href="http://www.fhlbcin.com">www.fhlbcin.com</a> and submit a completed and signed copy if the Sponsor will not make a loan to the household to pay for a portion of the costs associated with rehabilitating the home. If the Sponsor <b>will</b> make a loan to the household to pay for a portion of the costs, retrieve, complete, and sign “AHP Attachment D and Detailed Cost Breakdown” from the FHLB’s website. If an organization other than the Sponsor will make a loan to the household to pay for a portion of the cost of rehabilitating the home, use the Rehab Attachment A with Labor Breakdown, not Attachment D.</p> <p>Follow the Instructions tab of the workbook to input all of the costs and permanent funding sources that went into the rehabilitation of each home. Pay special attention to the line items having to do with developer fee (especially if using Attachment D), and be sure that the developer fee adheres to the feasibility limit mentioned for this item on pages six and seven above. A developer fee (including consultant, administrative, or overhead costs) can <b>only</b> be included if there is no labor breakdown <b>OR</b> the labor breakdown does <b>NOT</b> include administrative or overhead expenses other than the cost of employee benefits.</p> <p>If the Rehab Attachment A or Attachment D shows a labor cost charged by the Sponsor for construction/rehab work, the Sponsor must also submit the Labor Breakdown included with Rehab Attachment A to document the labor for the work completed. Sponsors using Attachment D will have to print off the Labor Breakdown included with Rehab Attachment A separately, as the “AHP Attachment D and Detailed Cost Breakdown” spreadsheet does not contain formatting for the labor breakdown.</p> <p>The document submitted for this item must show the full amount of the AHP funding being requested as a funding source to the home, and it cannot include costs that FHLB deems ineligible for reimbursement with FHLB funds, including:</p> <ul style="list-style-type: none"><li>A. Sponsor operating costs such as volunteer or fundraising event expenses (including food or beverages)</li><li>B. Gift cards/other gifts for volunteers or homeowners</li><li>C. Office equipment</li><li>D. Construction tools</li></ul>

		<p>E. Lawn care items</p> <p style="text-align: right;"><i>Continued...</i></p> <p>F. Furniture</p> <p>G. Personal items for homeowners such as bedding or dishware that will not be permanent fixtures of the home</p> <p>H. Other items at FHLB's discretion</p> <p>FHLB needs a printed copy of Rehab Attachment A or AHP Attachment D and the Detailed Cost Breakdown signed by a representative of the Sponsor. <b>The Sponsor should also submit the Excel copy of the workbook electronically to FHLB</b> when submitting the disbursement request package. FHLB reserves the right to request back-up documentation for any and all items that appear on the workbook and will not allow the project contacts to make changes to these financials once they have been submitted to FHLB.</p>
8	Construction contracts, change orders, invoices, or receipts for ALL costs shown on Rehab Attachment A/D except for developer fee	<p>Document all costs shown on Rehab Attachment A or Attachment D with copies of receipts, invoices, construction contracts, or change orders even if a funding source other than AHP will pay for the costs. Make sure that each receipt shows the source of the information (biller, <i>not</i> the Sponsor), the entity (the Sponsor) or project (household address) that was billed, a date, an itemized list of each item or service that was purchased, and the amount of the charge. These invoices and receipts should match the "Materials Costs" and "Other Fees_Costs" entered onto Rehab Attachment A to the penny. Sponsors using AHP Attachment D and the Detailed Cost Breakdown must provide an itemized breakout of each category on the Detailed Cost Breakdown if multiple receipts or invoices are grouped together any line items of the Detailed Cost Breakdown. Identify each invoice or receipt on the breakout by vendor, date, and amount.</p> <p>If the Sponsor was not the general contractor for the project, submit a signed copy of the construction contract containing information on the scope of work and fully executed copies of all change orders associated with the contract. All contracts and change orders must be signed by all necessary parties. Any costs listed in the Contractor Costs section of Rehab Attachment A must have a corresponding contract; if no contract exists, list the cost in the Materials Costs section of Rehab Attachment A.</p> <p>FHLB does not accept check requests, checks, or other internal documentation generated by the Sponsor as documentation of project costs aside from developer fee.</p>

9	Verification signed by the homeowner(s) and a third-party inspector confirming that the work on the home is complete (preferably using FHLB's "Post-Rehabilitation Inspection" form)	All homeowners and a certified/licensed third-party inspector must certify their agreement that the work specified on the work order for the home is complete and in compliance with the standards set forth in local code. The third-party inspector who signs the certification should be the same as the one who signed the work order. ALSO submit a copy of the inspector's license with the request package. A fully executed copy of FHLB's "Post-Rehabilitation Inspection" form available at <a href="http://www.fhlbcin.com">www.fhlbcin.com</a> along with a copy of the inspector's license will satisfy this requirement. The document must be dated, and the date must indicate that the work on the home was completed after the award of AHP funds to the project.
10	Evidence of funding sources besides AHP shown on the approved AHP application or Rehab Attachment A/D, including copies of all executed grant agreements and notes/mortgages (deeds of trust)	<p>Document each of the project's permanent funding sources as shown in the approved AHP application and on the household's Rehab Attachment A or Attachment D. Provide signed copies of grant agreements with all exhibits and/or attachments for all funding sources that do not require repayment such as SHOP, HOME, or AHTF grants and signed notes and corresponding mortgages (or deeds of trust) for all funding sources that require repayment. FHLB does not require back-up documentation for most cash contributions to homeowners aside from cash contributions from the Member or the Sponsor. See item #13d below for more information on documenting the Member's cash contribution and item #4b above for more information on documenting the Sponsor's cash contribution.</p> <p>The amount verified by each grant agreement or note should match the amount of funding shown on the Rehab Attachment A or AHP Attachment D and Detailed Cost Breakdown on a per-unit basis. If the amounts do not match, provide an explanation of the discrepancy with the disbursement request package. The terms of a Sponsor-provided loan as shown on the note should match the Habitat Note/Mortgage Amount, Mortgage Term, Mortgage Rate, and Mortgage P&amp;I Payment as shown on Attachment D. If the project received points for the Member's servicing of homebuyers' loans at no cost to the Habitat affiliate, the first mortgage note must identify the Member's address as the location where payments are to be made. If the project received points for the Sponsor's provision of permanent financing to the project's borrowers, the term of the first mortgage loan must be at least 15 years.</p> <p>Grant agreements or notes that apply to more than one household in the project need only be submitted with one disbursement request package.</p>

		<p style="text-align: right;"><i>Continued...</i></p> <p>If the approved AHP application indicates that a funding source besides the Sponsor and AHP will be providing funds to the project, FHLB expects to see an amount from that funding source on each Rehab Attachment A or AHP Attachment D and Detailed Cost Breakdown provided for each household in the project. If a funding source identified in the approved AHP application did not contribute funds to a particular unit, submit an explanation indicating why the funding source did not provide funds to the homeowner(s). If the Sponsor did not receive an award from a funding source that it anticipated receiving at the time of AHP application, communicate to FHLB that the Sponsor or project did not receive the award.</p> <p>The AHP grant should not be included in any note or mortgage, as it should not be passed to the homeowner(s) in the form of a loan.</p>
11	Warranty deed evidencing that property is in homeowner's name	<p>Submit a fully executed copy of the deed that transfers ownership of the property to the homeowner(s) from a third party. FHLB does not recognize a deed between the homeowner(s) and other members of the household as verification of site control.</p> <p>In order to be eligible for reimbursement with AHP funds, the homeowner(s) need to have fee simple interest in the property. The FHLB may allow an executed will or proof of a life estate to serve as evidence that the homeowner(s) have site control of the property—contact FHLB prior to submitting documentation if this applies to the property/household intended for the project.</p>
12	Verification that the property is subject to the <i>most current</i> version of the FHLB retention language	<p>Satisfaction of this item can take one of two forms, the first being the deed provided for item #11 above. For the deed to satisfy this item, it must either contain the <i>most current</i> FHLB retention language (available at <a href="http://www.fhlbcin.com">www.fhlbcin.com</a>) or reference the <i>most current</i> retention language in the body of the deed if the language is attached to the deed as an exhibit or addendum. If the retention language does not appear in the deed, a separately-recorded instrument (a restrictive covenant) must be submitted to satisfy this requirement. The restrictive covenant must contain the <i>most current</i> retention language AND a specific reference to the deed (or life estate) that transfers ownership (or rights to the property) to the homeowner(s).</p> <p>FHLB recommends that Sponsors refrain from including an ending date to the retention period or an amount of AHP grant within the deed or restrictive covenant, as the Sponsor will have to redo the deed or restrictive covenant if either of these items differ from what FHLB determines is appropriate for the household.</p>

		<p style="text-align: right;"><i>Continued...</i></p> <p>The deed or restrictive covenant including the FHLB language should be recorded as close to the time of project completion as is practicable. Make sure that the property's description included in the restrictive covenant matches the property documented for item #11 above.</p> <p><b>Please note:</b> the retention language changes periodically, and only the <i>most current</i> language will be accepted. The most current retention language as of the time of publication of this manual appears below, but you should <i>only</i> rely on the retention language found at <a href="http://www.fhlbcin.com">www.fhlbcin.com</a> for the most current retention language. Please remember to choose the retention language that is specific to owner-occupied projects, as including the language specific to rental projects is not acceptable.</p>
13a	Bridge or construction loan	<p>If the project received a point for the Member's provision of a bridge or construction loan, submit signed copies of the note and mortgage (or deed of trust) associated with such a loan showing the Member as the lender on the loan. The principal amount of the loan must be at least 51% of the total hard costs of the project for projects approved in 2014 and later to be eligible for a point in the AHP scoring system. If the project did not receive a point for the Member's provision of a construction or bridge loan, nothing need be provided for this item. Do not resubmit the documentation for this item if it was previously submitted with another disbursement request package.</p>
13b	Permanent loan	<p>If the project received points for the Member's provision of first mortgage permanent loans to the homeowners in the project, the note submitted for item #10 above must identify the Member as the lender on the loan, and the note must show a term of at least 15 years to be eligible for points in the AHP scoring system. The Member must close at least 51 percent of the permanent loans in the project in the name of the Member for the project to qualify for these points. If the project did not receive points for the Member's provision of a permanent loan, nothing need be provided for this item.</p>
13c	Below-market rate on permanent, construction, or bridge loan	<p>If the project received a point(s) for the Member's provision of a below-market rate on the permanent, construction, or bridge loan to the project, provide one of the following:</p> <ul style="list-style-type: none"> <li>• A copy of the Member's standard rate sheet for loans of the same type, quality, and duration as the one that the Member made to the project that is dated within the time period that the loan was made, or</li> <li>• A current, executed letter from the Member specifying the rate discount and which loan was discounted.</li> </ul>

		<p style="text-align: right;"><i>Continued...</i></p> <p>Regardless of which option is chosen, the Member must have made the loan at a rate that was at least 0.50 percent below its standard rates at the time the loan was made to the AHP project. The information provided for this item should be consistent with information provided for items #13a, #13b, and/or #10 above, which required the notes for the loans the Member made. Be sure to document that the discount was provided on the loan to which the Member committed to make a discount (permanent, construction, or bridge loan) in the approved AHP application. If the project did not receive a point(s) for the Member's provision of a discounted rate on a loan, nothing need be provided for this item.</p>
13d	Cash contribution	<p>Submit a copy of the Member's cancelled check to verify that the Member made a cash contribution to the project if the project received a point for the Member providing such a contribution. The full dollar amount of the contribution appearing on the check must be listed as a funding source for the project on one or more of the Rehab Attachments A or Attachments D submitted to FHLB for item #7 above, and the total Member cash contribution to all homeowners in the project must be at least \$500 in order for the project to earn the point it received in the AHP scoring system for the Member providing a cash contribution to the project. If a cancelled check is unavailable, submit evidence of the Member's deposit into an account controlled by the Sponsor. If the project did not receive a point for the Member's provision of such a contribution, nothing need be provided for this item.</p>
13e	Servicing of homeowners' loans originated by Sponsor at no cost	<p>If the project received a point for the Member's willingness to service homeowners' loans originated by the Sponsor at no cost to the Sponsor, verify that the project earned this point with one of the following:</p> <ul style="list-style-type: none"><li>• Language in the note provided for item #10 above indicating where the payments will be made for each household, or</li><li>• A current, executed letter from the Member mentioning that the loan(s) has(have) been set up on the Member's servicing system and that the Sponsor will not be charged for this, or</li><li>• A screen shot of the Member's servicing system showing that each loan has been set up on the Member's system.</li></ul>

## Owner-occupied Retention Language

*The language below should be inserted into the Warranty Deed or as a Restrictive Covenant to the Warranty Deed. If it is attached to the Warranty Deed as an addendum or attachment, the Warranty Deed must reference the addendum or exhibit. If recorded as a Restrictive Covenant, the document must reference the Warranty Deed.*

- (ii) In the case of a sale or refinancing of the unit prior to the end of the Retention Period, an amount equal to a pro rata share of the AHP Subsidy that financed the purchase, construction, or rehabilitation of the unit, reduced for every year the seller owned the unit, shall be repaid to The Federal Home Loan Bank of Cincinnati from any net gain realized upon the sale or refinancing of the unit; unless:
  - (A) The unit was assisted with a permanent mortgage loan funded by an AHP advance;
  - (B) The purchaser is a very low- or low- or moderate-income household as defined in the applicable Federal Housing Finance Agency regulations for the AHP (in which case the retention period ends with the conveyance to such purchaser); or

- (iii) The obligation to repay Subsidy to the Bank shall terminate after any foreclosure or conveyance by deed in lieu of foreclosure or any assignment of the first mortgage to the Secretary of HUD.

## FREQUENTLY ASKED QUESTIONS AND COMMON MISTAKES

Below is a list of frequently asked questions and common mistakes that often occur when requesting a disbursement of funds. The list is being provided in an attempt to assist Members and Sponsors in expediting the disbursement process.

### Frequently Asked Questions

Q. Why does the FHLB require documentation before releasing funds?

A. *FHLB cannot disburse AHP funds until it can determine through the documentation provided that the funds are necessary, that the project is financially and economically feasible, and that it is in compliance with the terms of the approved AHP application. By withholding funds until assessments from all of these perspectives have taken place, FHLB reduces the potential for recapture of funds. Documentation is necessary to ensure compliance with the federal regulations that govern the Affordable Housing Program.*

Q. If I received approval for an AHP grant, why do I need to send updated financial information when I request a disbursement of AHP funds?

A. *The award of AHP funds for your project is a commitment to fill the financial gap that you have identified. The FHLB is required to analyze a project's final financial structure prior to disbursing AHP funds in order to determine that AHP subsidy is still needed and the level of that need. FHLB also needs to ensure that costs are reasonable. In most cases, our analysis process should not be cause for undue concern, since the great majority of projects continue to demonstrate the need for the full amount of the AHP award.*

Q. Is it possible to obtain funds prior to completion of the project?

A. *FHLB does not currently allow draws of AHP funds prior to completion of units for projects involving the rehabilitation of owner-occupied homes. Please request AHP funds as units are completed; do not wait until all units in the project have been completed to begin requesting AHP funds.*

Q. Does the FHLB have a standard retention document?

A. *Yes. The retention language is available in this manual in the format that was the most current as of the posting of this manual, but you should rely on the most current retention language on the FHLB's website under Resources/Documents and Forms/Attachment G - Retention Agreements. The retention language is different for rental projects, so be sure to pull the correct language from the website.*

- Q. One of my proposed funding sources was not approved. Will my AHP award be cancelled?
- A. *If other financing or additional fundraising/cash contributions can be secured within a reasonable timeframe, the AHP award will not be cancelled. The project must have at least one other funding commitment in place within six months of AHP award and receive all other funding commitments within 18 months of AHP award. If a change in the project's funding sources significantly changes the financing structure of the project (especially as it pertains to lender), be sure to request a modification to the project in the format mentioned in the AHP Modifications Procedures and Procedures webinar available at [www.fhlbcin.com](http://www.fhlbcin.com).*
- Q. How will I know if a submitted request is approved?
- A. *A Confirmation of AHP Funds Disbursement will be e-mailed to the Member and Sponsor to confirm deposit of the AHP funds into the Member's Demand Deposit Account here at FHLB.*
- Q. How will the Member institution receive the AHP funds after a request for funds has been approved?
- A. *We will credit the Member's Demand Deposit Account with the FHLB for the amount approved.*
- Q. How long does it take to receive funding once the FHLB has received a completed AHP Owner-occupied Rehab Disbursement Request and all supporting documentation?
- A. *Typically, the FHLB will require up to 30 days for reviewing the disbursement request and providing the funds. If additional information is required, it will take longer.*
- Q. We have had significant turnover within the organization since our application for AHP funds was approved. Are there any resources to improve our familiarity with the program and the approval process?
- A. *See the AHP Disbursements for Owner-Occupied Rehab Projects webinar under Resources/Webinars on the FHLB's website at [www.fhlbcin.com](http://www.fhlbcin.com) and review this manual. You may also contact a member of our staff for questions (see the listing below). Also, be sure to notify the FHLB of staffing changes so that we may update our records.*
- Q. Does the retention document have to be recorded prior to receiving a disbursement of AHP funds?
- A. *No. The FHLB will require a signed document to be submitted prior to disbursement of funds to the Member but will only require a legally recorded copy of the document if the required references to the retention language in the body of the document are missing or other issues with the document arise.*

- Q. Will HOME or other retention documents be accepted as evidence of long-term FHLB retention?
- A. *No. The most current version of FHLB's retention language must be included in the project's warranty deed or recorded in a restrictive covenant that references the deed. See item #12 above for further instructions on how to properly convey this restriction.*
- Q. Can a homeowner receive cash back from their rehabilitation or at closing?
- A. *No. This is strictly prohibited and will result in the reduction of the AHP grant.*
- Q. Can I request funds for a household even though the household has not yet been pre-approved for AHP funds?
- A. *No. FHLB will only accept disbursement requests for households that have received pre-approval through the FHLB's pre-approval process, Please refer to the AHP Pre-approval Manual and the AHP Pre-approval Request form available at [www.fhlbcin.com](http://www.fhlbcin.com) for more information on the pre-approval process, which MUST occur prior to submission of a disbursement request for any household.*

## **Common Mistakes**

In order to assist our Members and Sponsors in receiving funds in a timely manner, we have included a list of common mistakes that often delay the processing of AHP Owner-occupied Rehab Disbursement Requests.

1. The AHP Owner-occupied Rehab Disbursement Request is incomplete or unsigned by one or both parties. All questions should be answered. If a question is not applicable to your project's type or the project was not awarded points for a particular scoring criterion, check the "N/A" box in the space provided. Submit an explanation indicating why you believe the item doesn't pertain to your project if an "N/A" box is not available for that particular item.
2. The person(s) assembling the Required Documents for the disbursement request package is not familiar with the FHLB's requirements or the commitments the project made in its approved AHP application. See this manual or the AHP Disbursements for Owner-Occupied Rehab Projects webinar to familiarize yourself with FHLB's requirements. Contact FHLB using the contact information listed below for a copy of the project's AHP Application Scoring Sheet and/or approved AHP application if you do not have one.
3. The disbursement package contains documentation that contradicts other documentation included in the disbursement request package or documentation submitted with the approved AHP application.
4. The amount of funding sources and uses shown on Rehab Attachment A or AHP Attachment D and the Detailed Cost Breakdown do not match.
5. Invoices and receipts do not match the costs shown on Rehab Attachment A or the AHP Attachment D and the Detailed Cost Breakdown or were not provided for all costs on these financial attachments (including all soft costs besides developer fee).
6. Required documentation does not contain the required signatures or the signatures of all homeowners if there are two or more.

7. All of the funding sources listed in the approved AHP application or used for the homeowner were not documented with executed grant agreements or notes/mortgages (deeds of trust), or the detailed cost breakdown provided did not indicate use of these sources.
8. The amount of AHP requested as shown on the Rehab Attachment A or AHP Attachment D and Detailed Cost Breakdown differs from the amount requested on the AHP Owner-occupied Rehab Disbursement Request form and so requires further clarification.
9. The Sponsor or Member is delinquent with regard to additional information submission or reporting or monitoring requirements of the FHLB for the project being submitted or others.
10. The homebuyer's deed or restrictive covenant does not contain the FHLB's retention language, contains old language, or does not reference attached language.
11. The project or older projects in which the Sponsor is involved do not appear that they will fulfill all required commitments, require modification, or may not be fully funded prior to the AHP commitment expiration date.
12. Documentation that was submitted with the approved AHP application was submitted again to verify that the project has met its scoring criteria. FHLB accepts documentation that was submitted with the AHP application for some items; see the "Already on file" column of the AHP Owner-occupied Rehab Disbursement Request form for examples of these items in conjunction with the descriptions of the Required Documents for these items above. For all other items, FHLB requires updated documentation.
13. The construction contract provided does not contain information on the scope of work.
14. The Rehab Attachment A or AHP Attachment D and Detailed Cost Breakdown contain costs that belong in the developer fee calculation but do not follow the conventions listed in the feasibility section of this manual, which causes the developer fee to exceed the project's approved limits.
