The Affordable Housing Program (AHP) is our largest and most impactful initiative – over \$895 million awarded since 1990 to develop more than 109,000 affordable housing units. AHP can be used to fund both ownership and rental projects. Grants are awarded on a competitive basis in one offering each year.

Applications are typically accepted between June and August with awards in November.

All awarded AHP projects must submit disbursement requests in order to receive the grant funds. Webinars, manuals and forms have been created to assist with the disbursement process. These resources vary by project type; Owner-Occupied Rehabilitation, Habitat, Ownership, Rental or Tax Credit. Owner-Occupied Rehabilitation, Habitat and Ownership projects are subject to an eligibility review to qualify the households within the projects. This information can be found in the Pre-Approvals section. Access relevant information for each project type in the sections below. If you have questions, please contact the disbursement team at AHPDisbursement@fhlbcin.com or call (888) 345-2246.

General information

- Review the AHP Ownership Disbursement Manual prior to submitting a request as it describes FHLB's specific requirements for each item on the AHP Ownership Disbursement Request Form (Request Form).
- Submit one Request Form for each household.
- Disbursement requests should be received by FHLB within 60 days of the homebuyer loan closing.
- Disbursement requests will not be accepted more than 12 months beyond the date of the homebuyer loan closing.
- Physical construction for the project should be completed within three years of the AHP award and all funds must be disbursed prior to its AHP commitment expiration date.

Habitat for Humanity affiliates utilizing third-party lending

• Affiliates that will not be providing their own mortgages to the homebuyers, and instead utilizing a third-party lender, are required to follow the ownership guidelines as detailed in this webinar and manual.

Household eligibility guidelines

- Households must meet all targeting commitments detailed in the project's approved AHP application or latest modification.
- All determinations made by FHLB are final and we will not re-evaluate anything after the approval is issued.
- Pre-approval requests can either be submitted at the time of your disbursement request or prior to the completion of the work on the home/the closing of the loan for each household.

Inactive requests

- FHLB will deem inactive any ownership disbursement requests where the Sponsor/Member has been non-responsive for 90 days or longer.
- Inactive requests will not be followed up on as they are not considered to be a part of the project.
- If additional information is eventually provided, but the project has too many active requests, the Sponsor will need to decide what request(s) should be withdrawn before reactivating the request.

Disbursement availability and adjustments

- FHLB reserves the right to deny, delay, reduce, or recapture funds at any time if:
 - The Member or Sponsor failed to respond to a prior FHLB request for additional information;
 - The Member or Sponsor have a non-compliant project(s);
 - The Sponsor has an older or incomplete AHP project that is not making adequate progress;
 - Costs represented are not reasonable; or
 - The project no longer demonstrates a need for subsidy.

Disbursement processing

• FHLB will:

- Review the request package,
- Re-evaluate the financial and operational feasibility of the project,
- Verify the project continues to qualify for the subsidy,
- Request further documentation as necessary,
- Send a Confirmation of AHP Funds Disbursement letter to the Member and Sponsor via e-mail upon approval for funding.

Disbursement criteria

- Requests will be processed in accordance with FHLB's policies and procedures, which are dictated by the AHP Implementation Plan (IP).
- FHLB will assess if all documentation meets the feasibility requirements for your project. These requirements can be found on FHLB's website. Refer to the link that matches the award year of your project.

Timing

- Disbursement requests should ideally be submitted within 60 days from the date of closing but not more than 12 months.
- As a reminder of this requirement, a new question has been added to the request form. It asks if the closing date of the property to the homebuyer has occurred within 12 months of the submission date of the disbursement request.
 - If the answer is yes, then provide the date of the closing.
 - o If the answer is no, then the unit is not eligible to receive AHP funds and the request will be denied.

1 - Disbursement training

- One person from the Sponsor organization is required to participate in training for this disbursement type prior to submission of a disbursement request.
- A consultant cannot attend training on the Sponsor's behalf.
- AHP Sponsors may watch a recorded webinar at www.fhlbcin.com that includes audio, not the slides-only versions, which is distinguishable because it requires signing into WebEx to view.

2-5 - Pre-approval requirements

- These sections pertain to the pre-approval piece of the package.
- If the pre-approval was already completed, mark 'Yes' for question 2 and 'N/A' for questions 3-5.
- If a pre-approval still needs to be completed, all required documentation must be submitted and mark the Request Form appropriately for questions 2-5.
- Refer to the Pre-Approval Manual and webinar for details about this process.

6 - Evidence of completion

- Submit one of the following for any unit that involved construction or rehabilitation work:
 - A certificate of occupancy; or,
 - A final inspection signed by a third-party certified/ licensed inspector verifying that the work is complete and to code AND a copy of their license/certification.
- The evidence of completion must contain a completion date that does not precede the project's AHP award date.

6 - Evidence of completion

• The project address on the evidence of completion must match the household's address as identified elsewhere.

Common Mistakes:

- The documentation submitted was not signed by a third-party licensed inspector.
- The inspector's license was not submitted as required.

7 - Indication of project type

- The Request Form has a section to check what type of unit the property is: new construction, rehabilitation, or acquisition only.
 - Rehabbed units in which a new owner acquires a property must have construction hard costs in excess of \$5,000 for projects approved in 2022 and prior, and \$5,500 for projects approved in 2023 and forward.
 - If the project was approved for substantial rehab, then the construction hard costs must be equal or exceed \$10,000 for projects approved in 2022 and prior, and \$11,000 for projects approved in 2023 and forward.
- If the project was approved with only one project type, it cannot produce housing of a different project type without requesting a modification first.

8 - Homeownership counseling

- Mandatory counseling is required for each applicant by submitting a copy of the homebuyer's completion certificate or a current, executed letter from the Sponsor indicating the homeowner counseling program has been completed.
- The homebuyer counseling program must include at a minimum: mortgage financing, creditworthiness, household budgeting, and home maintenance.

9a - Donation of goods/services

- Must provide a current, executed letter from a community organization indicating the organization has provided the service for the required timeframe or amount.
- An email containing the contact's name and organization that indicates the services provided is also acceptable.
- At least \$500 (projects approved in 2022 and prior) and \$550 (projects approved in 2023 forward) of the donation value must also be entered as a source on one or more of the Development Budgets.

9b - Fee waiver from the local government

• Documented with a current, executed letter from a government entity indicating the entity has provided a fee waiver for at least one of the AHP-assisted homes creating a savings to the project of at least \$500.

9c - Energy-efficient new construction

- Projects constructing new housing units that are energy-efficient must meet or exceed one of the following:
 - Department of Energy's Zero Percent Energy-Ready Home Certificate,
 - A signed LEED Certification,
 - Enterprise Green Communities Certification,
 - Evidence of the HERS rating,
 - Proof that the REScheck calculation exceeds the 2012
 Model Energy code by 15% or better,
 - Energy Star, or
 - Passive House Certification

9c - Energy-efficient new construction

Common Mistakes:

- Documentation did not prove the home met the required energy-efficiency standards.
- A document that has not been approved by FHLB was submitted.
- REScheck document submitted was not completed by a third-party.
- Documentation provided was not for the subject property.

9d - Adaptive reuse

"Adaptive reuse" means rehabilitation/conversion of an existing structure not originally intended for housing into use as housing. The structure cannot have previously been used for housing of any type.

- Submit one of the following to verify that the project earned the point in this scoring category:
 - Local zoning information,
 - Property Value Assessment data,
 - Existing building floor plan,
 - Pictures from Sponsor's acquisition, or
 - Other documentation approved by the FHLB.

10a - Verification of Sponsor commitments

11a - AHP Ownership Development Budget

- List only permanent (not construction) funding sources.
 - Do not include any forgivable loans from the Sponsor organization on the Budget.
- Sum of costs MUST equal sum of funding sources and be at least the purchase price to the homebuyers.
- Donations must be shown as a source to fulfill any commitments made in the application but can be shown as a cost as well.

11a - AHP Ownership Development Budget

Common Mistakes:

- The Budget does not balance.
- The land costs amount was erroneously entered on the Budget.
- The land costs are incorrectly listed under the paid costs when it was donated or vice versa.
- The developer fee exceeds 15% of the total development costs.
- The AHP funding source included on the Budget does equal the 'Final Amount Requested' on the Request Form.

12 - Construction contract

- Submit a construction contract and change orders for the home signed by all required parties (contractor, Sponsor, and architect, if applicable).
- Costs associated with any rehabilitation/ construction must coincide with the costs shown on the costs and sources detail.
- This is not required if the AHP Sponsor performed the construction/rehab work or it was acquisition only.

Project location

- If project addresses were indicated in the approved AHP application at the time of project approval, those addresses do NOT have to be used.
- Any property address can be used for the project as long as it meets ALL of the following:
 - Located in the county approved in the application, and
 - All the other approved scoring commitments are met, i.e. Appalachia, AIF, etc...

13a - Verification of acquisition cost

- Document all acquisition costs shown on the Budget by submitting a signed copy of one of the following:
 - Purchase contract

Settlement statement

Deed with price

- Sheriff's sale document
- Loan payoff statement
- Must tie to deed that verifies ownership of the property (submit copies of surveys or platting information if necessary).
- Must be for a cost paid to a third party, not between the AHP Sponsor and itself or an entity related to the AHP Sponsor.

13b - Verification of property donation

- Must be documented with a fully executed copy of one of the following:
 - Purchase contract
 - Settlement statement
 - Letter from grantor

- Deed indicating price
- o PVA
- Must show the Sponsor acquired all property from a third party, within 5 years of AHP application deadline, and for no more than \$10.00 (payment of back taxes or loans payoffs constitute purchases, not donations).
- Market value of the property must be shown as a source and a use on the Budget to qualify for the point in the AHP scoring system.

13a - Verification of acquisition cost13b - Verification of property donation

Common Mistakes:

- The documentation of costs is not dated from the time of acquisition.
- The property address listed on the verification documents does not match the address on the Request Form, the Note(s), the Mortgage(s), or the Deed.
- The land costs are incorrectly listed under the paid costs when it was donated or vice versa.

13c - Verification of land costs paid are at least 50% below market value

- Must be verified with a Property Value Assessment (PVA) from the county auditor's office within six months of the Sponsor's acquisition or;
- An appraisal signed by a licensed/certified appraiser that shows the "as-is" value of the property within six months of the acquisition.

13d - Appraisal or PVA

- The market value of the land (paid or donated) must be documented with an appraisal or PVA from the county recorder's office (dated within six months of the acquisition).
- If the price paid for the land is greater than the market value, the grant amount will be reduced unless the project was reduced for this reason at the time of application approval.
- The market value for donated land should be the figure entered on the Budget.

13e - Property vacant due to foreclosure

- Units must have been acquired by the Sponsor directly from one of the following:
 - Foreclosure notices,
 - Sheriff's sale document,
 - Deed between the previous owner and the lender, or
 - Letter from the lender.
- Units that passed through the ownership of other entities DO NOT qualify for these points.

13e - Property vacant due to foreclosure

- Evidence that the property was vacant at the time it was acquired by the Sponsor is required and must be documented with one of the following:
 - Photos dated within one year of the acquisition, or
 - Appraisal dated within six months of the acquisition.

14 - Average Income Factor

- Submit a copy of a FFIEC indicating the property is located in a census tract with an AIF as approved.
- Projects approved in 2020, are required to have at least 20% of its units in a census tract with an AIF greater than 120%.

15 - Executed Notes and Mortgages (Deeds of Trust)

- Executed Notes and Mortgages (Deeds of Trust) are required for all loans to the homebuyer, even if forgivable.
- All repayable loans must be entered on the Budget.
- Homebuyers cannot occupy the property prior to closing, the project could then be considered a rental project.

15 - Deferred loans

- Third-party deferred loans must be documented with the Note and Mortgage AND must show as a funding source on the AHP Ownership Development Budget.
- Deferred loans originated by the Sponsor are not required to be shown as a source on the AHP Ownership Development Budget. FHLB considers this as a Sponsor cash contribution.

16 - Evidence of all funding sources

- If the project was approved for funding sources such as SHOP, HOME, AHTF, etc., submit the fully executed grant/funding agreements along with any attachments/exhibits.
- If the project was approved for a cash contribution from a source, submit an executed letter verifying the cash contribution.
- Nothing needs to be submitted when Sponsor cash/fundraising is used on a Budget.

16 - Evidence of all funding sources

Common Mistakes:

- The required documentation to verify the funding sources listed on the Budget was not provided.
- The cash source received was not disclosed on the household's Budget.
- Cash sources that were approved in the AHP application were not applied to the household's as they originally indicated.

17 - Homebuyer housing expenses

- Input the amount of monthly homebuyer's insurance, homeowners association dues, and property taxes the homebuyer(s) can expect to pay onto the Request Form as well at the homebuyer's closing costs.
- If the information entered on the Request Form does not match information included on the household's AHP Ownership Development Budget, provide an explanation for the discrepancy.

18 - Deed

- Must submit a Deed indicating the property has been transferred to the homebuyer(s) from a third-party and that the current FHLB retention language is in the Deed or referenced in the Deed as an exhibit or addendum.
- "Retention period" means: Five (5) years from the loan closing or certification of project completion for an AHP-assisted owner-occupied unit.

18 - Deed

Common Mistakes:

- The Deed showing the transfer of ownership was not submitted with the disbursement package as required.
- The Deed includes or references old retention language.
- The retention language is not included in the Deed or it is not properly referenced as an exhibit or addendum.

19a- Member's permanent loan

- Submit signed copies of the Note and Mortgage/Deed of Trust for the loan the Member made to the project.
- The Note must show the project's Member as lender.
- Points for permanent loans require the Member to provide loans to at least 51% of the project's units.

19b - Bridge or construction loan

- Must be documented with executed copies of Note and Mortgage (Deed of Trust) showing the Member as the lender.
- There are no principal requirements for the loan amount compared to the total hard costs of the project.

19c - Below-market rate on the permanent, construction, or bridge loan

- Must be documented with one of the following:
 - Current, executed letter from the Member indicating the below-market interest rate for the project and how the interest rate is at least .50% below the market rate.
 - A copy of the standard rate sheet for loans of this type offered by the Member and published for the general public.

19d - Member cash contribution

- Must submit an executed letter from the Member or a copy of the cancelled check.
- This contribution must be listed as a "Cash Source" (Member cash contribution) on at least one of the Budgets for a homebuyer in the project.
- The following contributions must be made based on application approval year:
 - \$500 for projects approved in 2021 and prior.
 - \$750 for projects approved in 2022.
 - \$2,000 for projects approved in 2023 forward.

19e - Servicing of homebuyer loans originated by the Sponsor

- Must be documented with one of the following:
 - Language in the Note indicating where the payments are made.
 - Current, executed certification from the Member that the loan has been set-up on the Member's servicing system and will be serviced at no cost to the Sponsor.
 - o "Notice of Assignment of Serving Rights" or a screen print of the Member's servicing system showing each loan has been set up on the Member's system.

20 - AHP Verification of Project Loan Information Form

Only applicable to projects approved in 2023:

- Submit the 'AHP Verification of Project Loan Information form'
- Loan rates and fees are subject to limitations per the FHLB's 'Disbursement Feasibility guidelines for Projects Approved in 2023'
- The form and the feasibility guidelines mentioned above can both be found on FHLB's website under Habitat Projects.

20 - AHP Verification of Project Loan Information Form (cont.)

Only applicable to projects approved in 2023:

- If the project also received points for Member provision of a construction or bridge loan, the requirements outlined in items 19b and 19c above will also still need to be completed.
- Prorated loan costs (points and fees) for any applicable loans must be entered on the development budget.
- The form applies to project level loans and only needs to be submitted one time.

Affordability analysis

- The housing expense ratio must be within the required affordable range of 31% or below.
- FHLB requires the loan principle(s), loan terms(s), interest rate(s), homeowners association dues, mortgage insurance premiums, and amounts for other predetermined housing costs (insurance, taxes, etc...).

Affordability analysis

- If the annual expense ratio is not within our guidelines, FHLB will:
 - Request additional information regarding actual costs of insurance, taxes, dues, or premiums or
 - Allow a mortgage recasting to occur.
- For households that exceed 31%, if the options above do not remedy the issue then the homebuyer will be deemed ineligible for disbursement.

Disbursement feasibility

- The Sponsor is responsible for ensuring the financial information is correct and consistent with the approved AHP application.
- Projects must meet all feasibility guidelines and approved parameters. Any deviations must be explained and will undergo additional review for reasonableness.
- FHLB's determination will be final and any costs determined not reasonable will be disallowed and will not be reimbursed with AHP funds.

Feasibility guidelines/limits

- FHLB will assess if all documentation meets the feasibility requirements for your project. These requirements can be found on FHLB's website. Refer to the link that matches the award year of your project.
 - Disbursement Feasibility Guidelines for Projects Approved in 2022 and Prior
 - Disbursement Feasibility Guidelines for Projects Approved in 2023

General common mistakes

- The Sponsor or Member is unfamiliar or did not fulfill the commitments made in the AHP application.
- Submission of a Budget that does not balance or is incorrect.
- Package includes documentation that contradicts something else that was also submitted to FHLB.
- The Sponsor or Member is delinquent submitting requested additional information or compliance requirements.

General common mistakes

- The homebuyer or property does not fit into the project's requirements (Special needs/persons aged 60+, homeless, first-time homebuyer, donated property, etc...).
- The Deed showing transfer of ownership to the homebuyer does not include the most recent retention language.
 - Be sure to use the correct retention language as it has the potential to change from year to year.

Reminders

- The Request Form must be signed by the Sponsor contact.
- Any changes to income or household size that occur after pre-approval are not considered.
- A signed version of the most recent Budget is required for each unit when requesting funds.
- Commitment letters submitted with the AHP application are not accepted at time of disbursement.

Reminders

- Submit a copy of the Note and the corresponding Mortgage for all loans made to the partner family.
- Show the principal and interest payment from the Note for all repayable loans shown on the Budget.
- Only submit the request under the project you wish to disburse it under. A household should not be transferred between projects unless it is absolutely necessary.

Reminders

- Allow up to 30 days for FHLB staff to review the packages as well as additional information submitted.
- If a request is withdrawn by the Sponsor, it cannot be reinstated under the same project.
- Keep FHLB informed of any staff changes in your organization via e-mail.
- All requests must be submitted online through the Member's Only portal on our website.
